

Economic Vitality Incentive Program Consolidation Plan (Previous Filer) as of: January 31, 2012

Local Unit Name: Village of Brooklyn
County: Jackson

Plan Available to the Public (check all that apply): In Municipal Offices Internet Website Other _____

Update Status of Previous Year's Service Consolidation Proposal(s) Village of Brooklyn Jackson					
Previous Year's Service Consolidation Proposals	Timeline to Accomplish Proposal	Jurisdictions Involved	Realized Savings/(Loss)	Implementation Status of Proposal	Barriers Experienced in Implementing Proposal
1. Collaborate with Columbia Township to create one consistent set of ordinance regulations	2013	Columbia Township	\$0.00	Columbia Township is in the process of updating their ordinances some of which will be based upon the existing Village regulations but it is not anticipated to be one set of ordinances	Columbia Township decided to go out for bid on a new ordinance (specifically zoning) which will not be exclusively based on the adopted Village regulations
2. Collaborate with Columbia Township on code enforcement by hiring one individual to contract with both entities	2012	Columbia Township	\$0.00	It is not going to be implemented at the present time	The two municipalities could not agree on the individual to hire which prevented us from moving forward
3. Collaborate with surrounding townships for the acquisition and utilization of sewer service equipment	2012	Columbia Township, Liberty Township, Hanover Township, Cambridge Township, Norvell Township, Napoleon Township,	\$1,200.00	Already in place	While we were unable to reach an agreement for acquisition, we have entered into a utilization

<p>Additional Information:</p> <p>Consolidation #1:</p> <p>Consolidation #2:</p> <p>Consolidation #3: We have not actually realized a savings through our present agreement, but have been partially reimbursed for our initial purchase and in turn have saved the other municipalities from having to expend the same or similar amount of capital. Through continued utilization by the other jurisdictions, we should realize the savings noted in the prior year's EVIP submittal.</p> <p>Consolidation #4:</p> <p>Consolidation #5:</p>

Proposed Service Consolidation(s) Village of Brooklyn Jackson					
Service Consolidation	Implementation Timeline	Jurisdictions Involved	Estimated Savings/(Loss)	Description of Estimated Savings/(Loss)	Other Consolidation Benefits
1. Utilization of the City of Jackson bucket truck for street light maintenance and the installation of banners/decorations	Immediately	City of Jackson	\$15,000.00	The savings results from not having to purchase, insure, and store a new bucket truck.	The arrangement prevents the Village from having to acquire a bucket truck for the limited instances in which one would be needed
2. Provide sewer operations and maintenance for a portion of Napoleon Township	February 1, 2013	Napoleon Township	\$0.00	We do not anticipate a savings or loss through this arrangement, but expect through payment of any non routine services that we will receive additional funds which will help to offset our existing expenditures in the general fund.	Because the Village already maintains the rest of the sewer system, the inclusion of this component should enhance the efficiency within the operations and improve upon the overall level of maintenance for our customers.
3. Utilization of the Summit Township Department of Public Works (DPW) garage for storage of our equipment while constructing a new Village DPW garage	Immediately	Summit Township	\$2,700.00	Because the Township is not charging us for utilization of a portion of their DPW garage we are able to save approximately \$2,500 which would have to be paid for the rental of local storage units during the 9 month	Because Summit Township has more frequently needed to utilize some of our sewer maintenance equipment its proximity will continue to aid in their response times (increased
